FLY BUTTERFLY FLY LYRICS

First you start as a caterpillar
You eat and eat and eat away
Then you form a chrysalis
And sleep and sleep and sleep
away
As time goes by
You become a butterfly
Fly butterfly fly
Fly butterfly fly
Fly butterfly fly

First you start as a caterpillar
You eat and eat and eat away
Then you form a chrysalis
And sleep and sleep and sleep
away
As time goes by
You become a butterfly
Fly butterfly fly
Fly butterfly fly
Fly butterfly fly

First you start as a caterpillar
You eat and eat and eat away
Then you form a chrysalis
And sleep and sleep and sleep
away
As time goes by
You become a butterfly
Fly butterfly fly
Fly butterfly fly
Fly butterfly fly
